

Payment Refund Policy

If you are referring to this document, it's likely that you are considering to join our programs and ready to pay online. Since all our program registrations require participants to pay in advance, pls read through the following as you get ready to make your first payment.

Participant registration : To be made at least 2 weeks prior to the start of the program

Participants once registered for the program are required join the program on the set communicated dates.

If for some unforeseen reason a participant is unable to join the program on given dates, her/his registration will be transferred to the next session of the program and the dates for the same will be communicated in advance.

If a situation may arise where the fee for the program is revised and the participant had prior registration with a previous fee structure, the registration will hold good and the participant is not required to pay the revised fee difference.

Occasionally announcements are made for group participation concessions and these are considered special situations/offer, such registrations require participants to join the program sessions for which such announcements are made.

Organisations making registrations for their employees must refer to the Terms of Conditions of the customised Proposals mailed by our administration team.

Refunds & Cancellations

The following fees apply in case of transfers and cancellations resulting in refunds.

Between 1-2 Weeks from Program Date: Transfer Fee = 10% of program fee ; Cancellation Fee = 25% of program fee

Last week of the Program Date: Transfer Fee = 25% of tuition; Cancellation Fee = 50% of tuition

No show on the Program Program Date: Transfer Fee = 50% of tuition; Cancellation Fee = 100% of tuition
